

TT 25-SMA

ACTIVE PRECISION STAGE MONITOR

DESCRIPTION

The TT25-SMA is a full range, high performance coaxial stage monitor. The linear curve response, the consistent coverage and acoustic output make the TT25-SMA the professional choice for most demanding situations. The voicing is accurate and deep, the sound transparent in the mids and extremely accurate at very high frequencies. The size is compact and the profile very low for a discrete stage professional appearance. Loop through output and power panel on opposite side to minimize cable runs on stage.
